PROFILE SUMMARY

B.Sc. Information Technology graduate with a strong interest in UI/UX and Graphic Design. Skilled in Figma, Adobe Photoshop, Illustrator, wireframing, prototyping, and responsive design. Strong foundation in HTML, CSS, JavaScript, SQL, and MySQL with user-centered design knowledge. Creative, detail-oriented, and quick learner seeking an entry-level UI/UX, Graphic, or Front-End role.

TECHNICAL SKILLS

UI/UX Design: Figma, UI Design, UX Design, Wireframing, Prototyping, User-Centered Design, Responsive Design, Design Principles

Graphic Design: Adobe Photoshop, Adobe Illustrator, Visual Design, Creative Layout Design

Frontend: HTML5, CSS3, JavaScript
Database: SQL, MySQL, DBMS, RDBMS, CRUD, Query Optimization

Programming: Core Python, OOP, CLI Application Development

Tools & Concepts: Requirement Analysis, Problem Solving, Debugging, Testing, Agile Methodology

INTERNSHIP EXPERIENCE

UI/UX DESIGN INTERN — ABSERVETECH PRIVATE LIMIT **JUNE 2025**

- Designed user-friendly interfaces for the passenger and driver modules of a taxi booking application.
- Created wireframes, user flows, and interactive prototypes using Figma.
- Designed and refined screens for ride booking, location selection, fare display, and related user interactions.
- Applied UI/UX principles, accessibility considerations, and design thinking methodologies to improve usability.
- Collaborated on design requirements and translated user needs into intuitive interface solutions.

PROJECTS

Smart Remote Parking Sensor — SIH

- Developed a sensor-based smart parking system with real-time vehicle detection and remote parking availability monitoring.
- Implemented a solution to help users identify available parking spaces efficiently through remote monitoring.
- Focused on improving parking management and reducing the time required to locate available spaces.

Skin Detection System Using CNN

- Built a Python-based CNN skin detection system with MySQL integration for efficient data storage and management.
- Applied a Convolutional Neural Network approach for image-based skin detection and classification.
- Integrated MySQL to organize and manage the system's stored data efficiently.

CERTIFICATION

UI/UX Designing — Besant Technologies

EDUCATION

Bachelor of Science (B.Sc.) — Information Technology | 80% **2022–2026**
G.T.N. Arts College, Dindigul, Tamil Nadu

Higher Secondary Certificate (HSC) — Science Stream | 78% **2021–2023**
Kalaimagal Higher Secondary School, Vadamadurai, Tamil Nadu
